---

---

Thank you again for inquiring about our puppies. Some additional information:

All pet puppies are sold on a spay/neuter contract. AKC papers are given at the time the puppy is picked up along with the puppies pedigree. We remain as co-owners until we receive confirmation of the spay/neuter. If you cannot keep your puppy, we would want the puppy returned to us.

All our puppies are examined by our vet before they go to their new homes. Our breeding stock is screened/tested as recommended by the Havanese Club of American. (Patellar luxation, hip dysplasia, BAER testing, and CERF) and the Soft Coated Wheaten Terrier Club of America (hip dysplasia, CERF, PLE/PLN Screening).

All the above is in the best interest of the puppy. We care about our puppies and want to ensure they are placed in a healthy environment with a loving family. We are always here to answer any questions you may have. We would be more than happy to show you how to groom your dog, show your dog and/or train your dog.

All our pets are part of our family. They live with us and are not confined to a kennel. We spend a lot of time socializing our dogs and puppies. We register all our dogs with AKC and show them in AKC conformation. We have also done training for obedience and agility sports.

We look forward to hearing from you!

Sincerely,

Sandy Wiedenhoef
